

WHO WE ARE

Thirst Project is the world's largest YOUTH water organization.

We exist to educate students about the water crisis and mobilize them to fundraise for global water projects.

We're the first organization committed to bringing clean water to an entire nation (Swaziland) by 2022.

SERIOUSLY.

WHY WATER?

663 MILLION PEOPLE

LACK ACCESS TO CLEAN WATER

EVERY
21 seconds
a child dies of water-related disease

The average distance that someone in a developing community walks to fetch water is **3.75** miles

\$25 gives one person access to clean, safe water **FOR LIFE**

SWAZI2022

WE WANT TO GIVE THE ENTIRE COUNTRY OF SWAZILAND ACCESS TO CLEAN, SAFE WATER BY 2022!

WHY?

SIZE

With 1.4M people, Swaziland is the smallest country in Africa, so our commitment is **achievable** within a few years.

POLITICS

Shunned by the global development community because of human rights abuses. While bad guys are being bad, real people are dying. We wanna be the good guys.

HIV/AIDS

1 in 5 people are affected by HIV, so lack of access to clean water makes it **nearly impossible** to treat HIV infected peoples.

CASE STUDY

Great case study for development orgs to replicate a **"complete solution"** model.

COST

It'll take \$50million to provide every single person in Swaziland access to clean, safe water for life. It sounds like a lot, but the impact will be priceless.

OUR MODEL

We run a national school tour (think Beyonce concert meets Dr. King Jr. speech) to educate young people about the water crisis & help them plan fundraisers for global water projects.

100% of student dollars go to providing safe, clean water to communities in need.

The global water crisis is a heartbreaking issue, but doing something about it doesn't have to be. We believe in making social change fun.

OUR IMPACT SO FAR

Over the last 8 years, Thirst Project has

Provided safe, clean drinking water to over **300,000 people**, through over **1800 water projects** in **13 countries**.

Presented the global water crisis to **over 320 schools**.

Educated over **300,000 students** about the water crisis.

Raised over **\$8 million dollars** for safe, clean water.

OUR FANS

We have amazing fans who use their platform to inspire **THEIR** fans to join our joyful rebellion and end the water crisis.

Jennifer
Garner

*(Golden Globe award
winning actress)*

Hosted the Thirst Project Gala.

Connor
Franta

(Mega Youtube Star)

Has helped raise over
\$500k for water projects from
his fans.
